STANDARD
 RECOMMENDED FOR:
 Webcasting is *NOT* recommended
 Standard Definition Video Streaming
 Greater social media application support
 Small file sharing

PREMIUM
 RECOMMENDED FOR:
 Standard Definition Webcasting
 High Definition Video Streaming
 Greater social media application speed
 Large file sharing

ULTRA
 RECOMMENDED FOR:
 High Definition Webcasting
 Ultra High Definition Video Streaming
 Ultra-large file sharing

Encore Internet Terms and Conditions

NETWORK EQUIPMENT AND SERVICES. In the event this Agreement includes internet/network equipment and/or services, Customer understands and agrees as follows: (a) Every device connected to the venue's internet/network must have purchased connectivity and/or bandwidth from Encore; (b) No customer provided servers, routers, managed switches or security appliances are allowed without prior written approval from Encore; (c) Network appliances have the potential to adversely affect more than the subnet they are connected to. Encore reserves the right to disconnect any equipment that, in Encore's sole discretion, is found to be causing overall network problems without any refunds for services that have been disconnected; (d) Customer agrees not to share, resell, extend, bridge or otherwise misuse Encore's connections and/or services. Encore, in its sole discretion, reserves the right to disconnect any Customer found to have violated this Agreement or usage equipment without any refunds for services that have been disconnected; (e) Specific service location is defined as the area in the booth, room, meeting space, or other area designated by the Customer. Service extended beyond rooms, air walls, doorways, walkways or an extended distance from the originally agreed upon drop point will incur an additional fee; (f) Encore is not responsible for any cable and/or equipment provided by Customer or any third party; (g) The network may only be used for lawful purposes and in accordance with these terms and conditions. Transmission of any materials in violation of any local, state, federal or international laws or regulations is strictly prohibited. This includes, but is not limited to, copyrighted materials, materials judged to be threatening or obscene, or materials protected by trade secret or confidentiality obligations; (h) WIRELESS (802.11) DECLARATION. Wireless internet service is inherently vulnerable to interference from other devices that transmit similar radio frequency signals or that operate within the same frequency spectrum. Encore cannot guarantee that interference will not occur. Encore does not recommend wireless service for mission critical services such as product presentations or demonstrations. For demonstrations or to present products and other mission critical activity via the internet, Encore highly recommends Customer purchases hardwired services. If you are unsure which product best suits your needs, please contact Encore's on-site representative. Customer provided access points are prohibited for use within the Event facility without Encore's advance written approval. Approvals may incur a site survey or engineering fee.

24. VIRTUAL/HYBRID MEETINGS AND SERVICES. In the event this Agreement includes virtual and/or hybrid meetings and related services, the Customer understands and agrees as follows: (a) Network appliances have the potential to adversely affect more than the subnet they are connected to. Encore reserves the right to disconnect any equipment that, in Encore's sole discretion, is found to be causing overall network problems without any refunds for services that have been disconnected;(b) Customer agrees not to share, resell, extend, bridge or otherwise misuse Encore's connections and/or services. Encore, in its sole discretion, reserves the right to disconnect any Customer found to have violated this Agreement or usage equipment without any refunds for services that have been disconnected; (c) Encore is not responsible for any Event interruptions or transmission failures due to (i) the operation or failure of any cable, equipment, or software/conferencing platform provided by Customer, a presenter, or any third party, or (ii) a power surge, interruption, or failure at the location of any attendee or presenter; (d) The virtual and/or hybrid meeting platforms, applications, and services may only be used for lawful purposes and in accordance with these terms and conditions. Transmission of any materials in violation of any local, state, federal or international laws or regulations is strictly prohibited. This may include, but is not limited to, copyrighted materials, materials judged to be threatening or obscene, trade secrets, or materials protected by trade secret or confidentiality obligations; (e) Internet speed and functionality at the Customer's, presenter's or attendee's location can greatly impact the quality of the Event, and accordingly, Encore is not responsible for any Event interruptions or transmission failures due to internet speeds, latency, connections, or failures at the Customer's remote location, or at the remote location of any presenter or attendee, or at any location where Encore does not manage the internet services
